CONTENTS - VOLUME XI, 1991

No. 1

Comparison of the serum and tissue concentrations of cefuroxime from cefuroxime axetil and phenoxymethylpenicillin in patients undergoing tonsillectomy
JETLUND O., THURMANN-NIELSEN E., WALSTAD R.A. 1

An *in vitro* study of the possible interaction between human platelets and cephalosporins
CAZZOLA M., SANTANGELO G., MARTUCCI P., CAPUTI M. 7

Influence of sulbactam plus ampicillin on theophylline clearance
CAZZOLA M., SANTANGELO G., GUIDETTI E., MATTINA R., CAPUTI M., GIRBINO G. 11

Pharmacokinetics of fluocinolone acetonide in patch versus cream formulations
BROGGINI M., BENVENUTI C., BOTTA' V., BROCCALI G. 17

A double-blind crossover comparison of flecainide and slow-release mexiletine in the treatment of stable premature ventricular complexes.
CAPUCCI A., DI PASQUALE G., BORIANI G., CARINI G., BALDUCELLI M., FRABETTI L., CAROZZI A., FINZI A., PINELLI G., MAGNANI B. 23

Alcoholic abstinence syndrome: short-term treatment with metadoxine.
BONO G., SINFORIANI E., MERLO P., BELLONI G., SOLDATI M., GELSO E. 35

Different dosage regimens of ranitidine in the short-term therapy of duodenal ulcer: a multicentre trial.
CASTELLI G., SQUASSANTE L., ULERI S., ZANFERRARI G. 41

No. 2

Competitive interactions of drugs with their targets: a computerized improvement of Dixon's algorithm.
MATTIONI D., CHEMINANT M., LABIA R. 51

Effect and pharmacokinetics of netilmicin given as bolus intramuscular administration: an open comparative trial versus amikacin and fosfomycin in elderly patients affected by urinary tract infections.
CARAMALLI S., AMPRIMO M.C., CAVALLI G., MANTELLI M., POLLASTRELLI E., RAITERI F., VARESE L.A., FRANCHINO L. 55

Chronotherapeutic study of furosemide in hypertensive subjects: a preliminary report.
FUJIMURA A., OHASHI K., EBIHARA A. 67

Preliminary study on behaviour of atrial natriuretic factor in anthracycline-related cardiac toxicity.
NERI B., DE SCALZI M., DE LEONARDIS V., GEMELLI M.T., GHEZZI P., PACINI P. 75

Influence of acetyl-L-carnitine infusion on haemodynamic parameters and survival of circulatory-shock patients.
GASPARETTO A., CORBUCCI G.G., DE BLASI R.A., ANTONELLI M., BAGIELLA E., D'IDDIO S., TREVISANI C. 83

Plasma morphine and morphine-6-glucuronide patterns in cancer patients after oral, subcutaneous, sublabial and rectal short-term administration.
BREDA M., BIANCHI M., RIPAMONTI C., ZECCA E., VENTAFRIDDA V., PANERAI A.E. 93

Dapiprazole compared with clonidine and a placebo in detoxification of opiate addicts.
PINI L.A., STERNIERI E., FERRETTI C. 99

Tolerability and safety of clodronate therapy in bone diseases.
MIAN M., BEGHÉ F., CAPRIO A., ALOJ R., BERTELLI A. 107

No. 3

Pharmacokinetics of ofloxacin in healthy subjects and patients with varying degrees of renal impairment
FLOR S., GUAY D., OPSAHL J., TACK K., MATZKE G. 115

Pharmacokinetics of pranoprofen in the elderly
KAJIYAMA H., FUJIMURA A., EBIHARA A., HINO Y. 123

Pharmacokinetic study of a new oral buffered acetylsalicylic acid (ASA) formulation in comparison with plain ASA in healthy volunteers
VIGANÒ G., GARAGIOLA U., GASPARI F. 129

Single dose and steady state pharmacokinetics of valproic acid in adult epileptic patients
MILJKOVIĆ B., POKRAJAC M., VARAGIĆ V., LEVIĆ Z. 137

Evaluation of the effectiveness and safety of etodolac in prolonged treatment of active osteoarthritis
PUCCETTI L., CIOMPI M.L. 143

The oral dopamine agonist, ibopamine, in normal man: effects on rhythm, heart rate, blood pressure and catecholamines.
VAN VELDHUISEN D.J., GIRBES A.R.J., CRIJNS H.J., SMIT A.J., VAN GILST W.H., LIE K.I. 159

No. 4

Overview of noncommunicable disease prevention and control programmes in WHO
CHIGAN E.N. 167

Concentration of 5-fluorouracil in renal cells from cancer patients administered a mixture of 1-(2-tetrahydrofuryl)-5-fluorouracil and uracil
FUJITA K., MUNAKATA A. 171

Multicentre clinical trial of antirejection pulse therapy with deoxyspergualin in kidney transplant patients
AMEMIYA H., SUZUKI S., OTA K., TAKAHASHI K., SONODA T., ISHIBASHI M., OMOTO R., KOYAMA F., ORITA K., TAKAGI H., UCHIDA K., TAGUCHI Y., FUKAO K., OKA T., DOHI K., FUKUDA Y., ISONO K. 175

Steady-state pharmacokinetics of ipriflavone and its metabolites in patients with renal failure
RONDELLI I., ACERBI D., VENTURA P. 183

Antibacterial activity of ciprofloxacin administered intravenously in a pharmacodynamic *in vitro* model
ESPOSITO S., JANSEN A. 193

5-Aminosalicylic acid in the prevention of relapses of Crohn's disease in remission: a long-term study
BRESCI G., PETRUCCI A., BANTI S. 200

No. 5

Safety and pharmacokinetics of single dose intravenous ofloxacin in healthy volunteers
GUAY D., TACK K., FLOR S. 203

Pharmacokinetics and pharmacodynamics of slow-release theophylline during treatment with nimesulide
AUTERI A., BLARDI P., BRUNI F., DOMINI L., PASQUI A.L., SALETTI M., VERZURI M.S., SCARICABAROZZI I., VARGUI G., DI PERRI T. 211

Onset of action of astemizole
JANSSENS M.M.-L. CAERS L.I. 219

Nifedipine concentrations in maternal and umbilical serum, amniotic fluid, breast milk and urine of mothers and offspring
MANNINEN, A.K., JUHAKOSKI, A. 231

Efficacy and tolerability of amlodipine in patients with mild-to-moderate hypertension
OLVERA R., SAMANIEGO V., MOGUEL R., MEANEY E. 237

Clinical evaluation of amlodipine, a new long-acting calcium antagonist, in mild and moderate hypertension
ESCUDERO J., HERNANDEZ H. 243

Absence of effect on faecal microflora of long-term supplementation of dietary fibres in juvenile ulcerative colitis
EJDERHAMN J., NORD C.E., STRANDVIK B. 247

No. 6

The importance of non-opioid analgesics for cancer pain relief according to the guidelines of the World Health Organization
GROND S., ZECH D., SCHUG S.A., LYNCH J., LEHMANN K.A. 253

Endogenous opiate response to pain in rheumatoid arthritis and cortical and subcortical response to pain in normal volunteers using positron emission tomography
JONES A.K.P., LIYI QI, CUNNINGHAM V.V., BROWN D.W., HA-KAWA S., FUJIWARA T., FRISTON K.F., SILVA S., LUTHRA S.K., JONES T. 261

Clinical study on pharmacological interaction between nimesulide and warfarin
AUTERI A., BRUNI F., BLARDI P., DI RENZO M., PASQUI A.L., SALETTI M., VERZURI M.S., SCARICABAROZZI I., VARGIU G., DI PERRI T. 267

Effects of β-blockade on urinary albumin excretion in normal subjects
KRÄMER B.K., RESS K.M., ERLEY C.M., RISLER T. 271

Comparison of the effects of nicardipine and metoprolol on lipid and glycidic metabolism in hypertensive subjects
DE CESARIS R., RANIERI G., FILITTI V., BONFANTINO M.V., DENTAMARO M., ANDRIANI A. 275

Cardiogenic shock and L-carnitine: clinical data and therapeutic perspectives
CORBUCCI G.G., LETTIERI B. 283

Species incidence and antimicrobial-agent resistance patterns of enterobacteriaceae in Charles Nicolle Hospital, Tunis, from 1983 to 1987
KECHRID A., BEN REDJEB S., FENDRI C., BEN HASSEN A., ENNAIFER M., BOUJNAH A. 295
